b 11/17/2000 18:20'Drogba became the first Chelsea player to score 20 goals in consecutive seasons, and in the process he also took the record for fastest 100th goal from when he netted in the Premier League. But it is what he did last summer that has caught the eye, with his decision to join his former French club, Olympique Marseille, proving a shrewd piece of business for the Blues. "I've always dreamed of scoring a goal for Marseille," said the Ivorian striker. "Last season was special for me because it was a final in Paris against the team I have always dreamt of playing for - it was a very special moment for me. I had the opportunity to come back to Marseille and I did so very quickly. I know Marseille have the tradition of winning titles and I'm really looking forward to joining up with them." "We are all delighted to have Alexandre back at the club and I think he is delighted with the chance to re-join us as well," said the new Arsenal manager, Arsene Wenger. "We needed a strong striker

when we lost Robin and after Karim, the club was looking for a third powerful centre forward. We have a lot of respect for Marseille but we didn't want to take him away from them, they wanted to come to us and I think he has chosen the best move of his career." The striker is now the joint highest-paid footballer in the Barclays Premier League with the £250,000-a-week deal he signed with Chelsea, and the second most-paid footballer in world football. Mourinho gave an indication of how highly he rated the forward on Wednesday, saying: "I have the highest opinion of him. I think he is a fantastic player. He is a goalscorer, always very quick, runs a lot, his versatility is high, he is a very good partner for the strikers. He is a very good relationship with the ball and very explosive." The midfielder made his return to Stamford Bridge on Tuesday, when he signed for the club on a loan deal until January. Drogba also starred for his country at the last World Cup in South Africa, scoring three goals.
